REVIEW

HISTORY

Unable to review

Your project could not be reviewed. Please resubmit after you address the issue noted below by the reviewer.

Dear student,

Unfortunately, the `IPYNB` file submitted could not be reviewed. The reason is that the project material is blank. This could be for the following reason:

- if you are submitting through the Udacity workspace. Please ensure to save checkpoints before submitting. This allows the project to create a self backup file. AS you progress this self backup file is updated. Without saving it we cannot get access to the project material from your end.

Please save the checkpoint first before submitting.

Looking forward to reviewing your project!

Cheers!
